

GREAT COMMISSION *Mission*

JANUARY 2025

What's Happening

God has been working and has been opening doors; however, time is of the essence! There is a great opportunity to visit Togo, West Africa again in May of 2025. Local pastors and soulwinners have begun talking to people about the Lord in a particular region. We are now ready to be part of another church plant. More details about this possible trip are on the back page. We are praying that the Lord will provide the \$7,000 for this trip, which includes visiting church plants in the neighboring country of Ghana.

So far this month, the Lord has allowed me to lead two souls to Christ. One particular Saturday early in January on one of the coolest days we have had in North Florida, we asked God to bless and for people to answer their doors. The Lord did bless, and at the second door, we met a lady who had recently moved to the area from out of state. She was happy to listen as I explained the Gospel, and she decided to receive Christ as her Saviour!

January has been busy with emails and calls to pastors. There is a lot of organizational and preliminary work required for deputation. Praise the Lord for several new meetings scheduled, and we pray that God will give us many more! It is certainly a blessing to be sent out of a home church where secretaries give some of their time and laymen are willing to assist in finding email addresses. Immanuel definitely has gotten behind this missions endeavor!

- David Crews, *Director*

Highlights from Togo, March 2024

Bro. Crews giving the Gospel at a school while Bro. Goungampo interprets

Bro. Goungampo leading a young man to Christ

Local church planters Bro. Agbeli and Bro. Goungampo with Bro. Crews in Acato

Immanuel Baptist Church of Wahala planted in March of 2024
